

8/17/16 – One Plug Entertainment

One Plug Entertainment, a DJ, lighting, photography & events provider has been servicing the Danbury area over the last few years. Owner & DJ, Chase Caldwell says his upbringing in Danbury majorly influences the diverse music selection and his ability to curate an event to the unique requests of each host.

“What separates me from other DJs is that my performance is organic, it reflects in the experience we provide our clients,” said Chase. “A passionate DJ, even just for a moment, can make the whole room fall in love. DJing isn’t just as easy as picking a few great tunes; it’s about generating energy and moods; it’s about understanding the shared feelings between groups of people and directing them to a better place.”

Chase started One Plug Entertainment with his fiancé, Amanda Lollie, who has the creative eye for event planning. To engage with our community here in Danbury, the couple often donate their services. They’ve helped Shelter Rock Elementary School, Jericho Partnership and the Danbury Titans (just to name a few!).

One Plug offers a popular and competitive DJ/Photo booth package for weddings, social events, corporate functions, and school dances. They’ve recently added the photo booth option to their packages with digital and physical printing capabilities, at reasonable cost to clients. Now they can provide you with a customizable complete entertainment experience.

Now, until the end of the year, you can book your DJ/Photo booth (Lights, Camera, Action package) combo for \$1,500 for all 2017 dates. This full package includes up to 5 hours of DJ/MC service and a 3-hour photo booth rental. Clients can pick from a custom template for their photo prints, custom props and custom back drops. If you have an event to plan, check out One Plug Entertainment, your one-stop-shop for all of your party planning needs!
